- 1m cable length
- High quality braided cable
- Light indicator
- The magnet is so strong that the cable can "find" the connector by itself

- The cable will help to quickly find a smartphone in a dark room or in a car
- The connection is totally safe and protected against short circuits
- Allows you to charge 2 devices at the same time
- Sliding angle of the connector, the wire does not bend or break
- Light indicator for convenient usage in the dark

Are you tired of looking for your discharged smartphone by touch - at night or in your car? Just put the connector into the USB Type-C slot, and the round magnetic contact of the wire will "find" it on your desktop, under a car seat, on a couch or in a chair. Besides, this charging method is protective and dirt-proof. You can charge two smartphones at the same time by connecting one wire to two different magnetic connectors, regardless of their standard. An ideal solution for those who value speed, convenience, and functionality!
