

Canyon Smart Watches - gadgets for an active lifestyle!

Canyon offers the array of wearables for all types of physical activity. From classical fitness bands that track daily steps to full-fledged virtual trainers that help to maximize your achievements in sports.

Superior performance

With Canyon smart watches you can monitor daily activity, heart rate, ECG, sleeping time, get sedentary reminders as well as track multi-sport workouts, steps, receive training advices and more. Stay online - get incoming calls, message alerts and reminders from your smartphone. Some of the models are synced with Strava, the most popular fitness app. Canyon watches are designed in trendy shapes and colours, using pleasant-touch hypoallergenic materials. Visual interface is always clear and user-friendly. All models are protected from dust and water.

Canyon Life – custom Android and iOS Application

Canyon Life App syncs data with a smartphone, keeps it safely stored in a user-friendly interface. Advanced algorithms analyze stats, giving fitness tips. Canyon software dev team updates the app and provides personal user support.

Care about your loved ones

Canyon offers a range of GSM watches for kids and seniors with SOS buttons, location tracking, voice messaging and more. Take care about your children or elderly parents using the all-in-one smart solution by Canyon!

Canyon Life
App

Our Smart App, tailored to the whole range of smartwatches, allows users to make the most of their devices. Notifications from e-mail, messengers and calendar, control over the important personal health and sports readings, and even the remote access to the data from your kid's tracker – this list of app features is far from exhaustive. This app provides stable work and perfect data security. You can access all the necessary information no matter what model you're using today. Canyon Smart App is one step ahead of your expectations!

Advantages of Canyon Life App

Stable work with no lags

Correct multilingual adaptations to 16 languages

Instant detection and connection to your watch

Compliance with the EU General
Regulation of Data Protection, Storing
and Processing (GDPR)

Messaging, calls and social notifications. Sports activity status.

Clearly understandable stats
tracked per each workout and per
day

All your watches and watches of your kids can be connected to one application

Track your route during sports activities* and monitor your kids` location

*for watches with GPS function

Wildberry SW-74

Smartwatch. Stylish metal body.

This stylish and lightweight smartwatch is a perfect tool to support you in your wellness journey. Its case and strap are created in colors, reminiscent of wild forest berries, a healthy and tasty ingredient used in many dishes. Count the number of steps you take every day, track your sporting achievements, check your heart rate, and conveniently switch music tracks during your workouts. In addition to physical activity tracking, this watch will help you get weather forecasts and even take pictures with the remote camera control. The discreet and versatile design of this watch easily fits any outfit, whether it is sporty, casual, or formal. Changeable watch faces will help you to express your taste.

The watch also provides a special women's calendar.

«Salt» SW-78

Smartwatch «Salt» SW-78

This smartwatch is for those who often use an audio player and sometimes want to get away from a smartphone. Let the whole world wait! You can jog with your favorite playlist on, or walk with an audiobook - just sync your watch with your smartphone and leave the phone at home. 512 megabytes of internal memory are enough to store audio files. The battery is enough for 6 hours of continuous audio playback. The built-in player supports multiple audio formats and its controls are displayed on the watch face. You can connect the watch to Bluetooth headphones or an external Bluetooth speaker. It is completely waterproof and suitable for swimming. This smart gadget records your steps and syncs the data with the Canyon Life application. All the required notifications from social networks and messengers are displayed on the watch upon synchronisation.

SmartCoach SB-75

Fitness band with personal virtual coach

A real technological breakthrough in the world of sports gadgets created by Canyon! This fitness bracelet will support you as a virtual trainer on your way to success in sports. The gadget makes accurate measurements of such indicators as ECG, heart rate variability (HRV), readiness for training, stress resistance, the status of heart and muscles. Advanced algorithms allow the Smart Coach band and the Canyon Life App to accompany the athlete's full life cycle: training, recovery, exercise readiness. High-precision sensors provide accurate and frequent measurements, which are 5 times the amount of the closest analogs. Reliable synchronization with a smartphone ensures maximum inclusion in other aspects of your life. You'll never miss an urgent call, a message from the messenger, or a notification from social networks during training.

SMARTWATCH My Dino KW-33

My Dino KW-33

My Dino Smartwatch

This smart and useful gadget is most suitable for teenagers. The interface of the watch is made by Canyon designers in a "hip-hop" style. Inside the watch, a cute dinosaur Dino lives. Let Dino be your virtual friend in the world of health and sports. Your can earn apples and feed them to Dino by doing workouts, walking or just not sitting still. Precise measurements of your activity will be provided by the watche's pedometer, heart rate monitor and other functions of a full-scale fitness gadget. The watch has two built-in brain-training educational games — "puzzle" and "math". In addition, the watch can show notifications from social networks and messengers, vibrate on incoming calls, display the weather and allow your kid to switch music tracks and camera shutter on a smartphone.

Take care of Dino by exercising and achieving great results in real life!
