CANYON NUMBERS

- /// Born in the Netherlands in 2003
- /// Over 1000 products created
- /// Sold in over 26 countries on 3 continents

WE MOTIVATE
YOUNG AND SMART
GENERATION

YOU CAN

YOU CAN

be yourself without aiming to impress others!

YOU CAN

join the tribe of mindful consumers!

YOU CAN

throw away imposed body standards - your body is your business!

YOU CAN

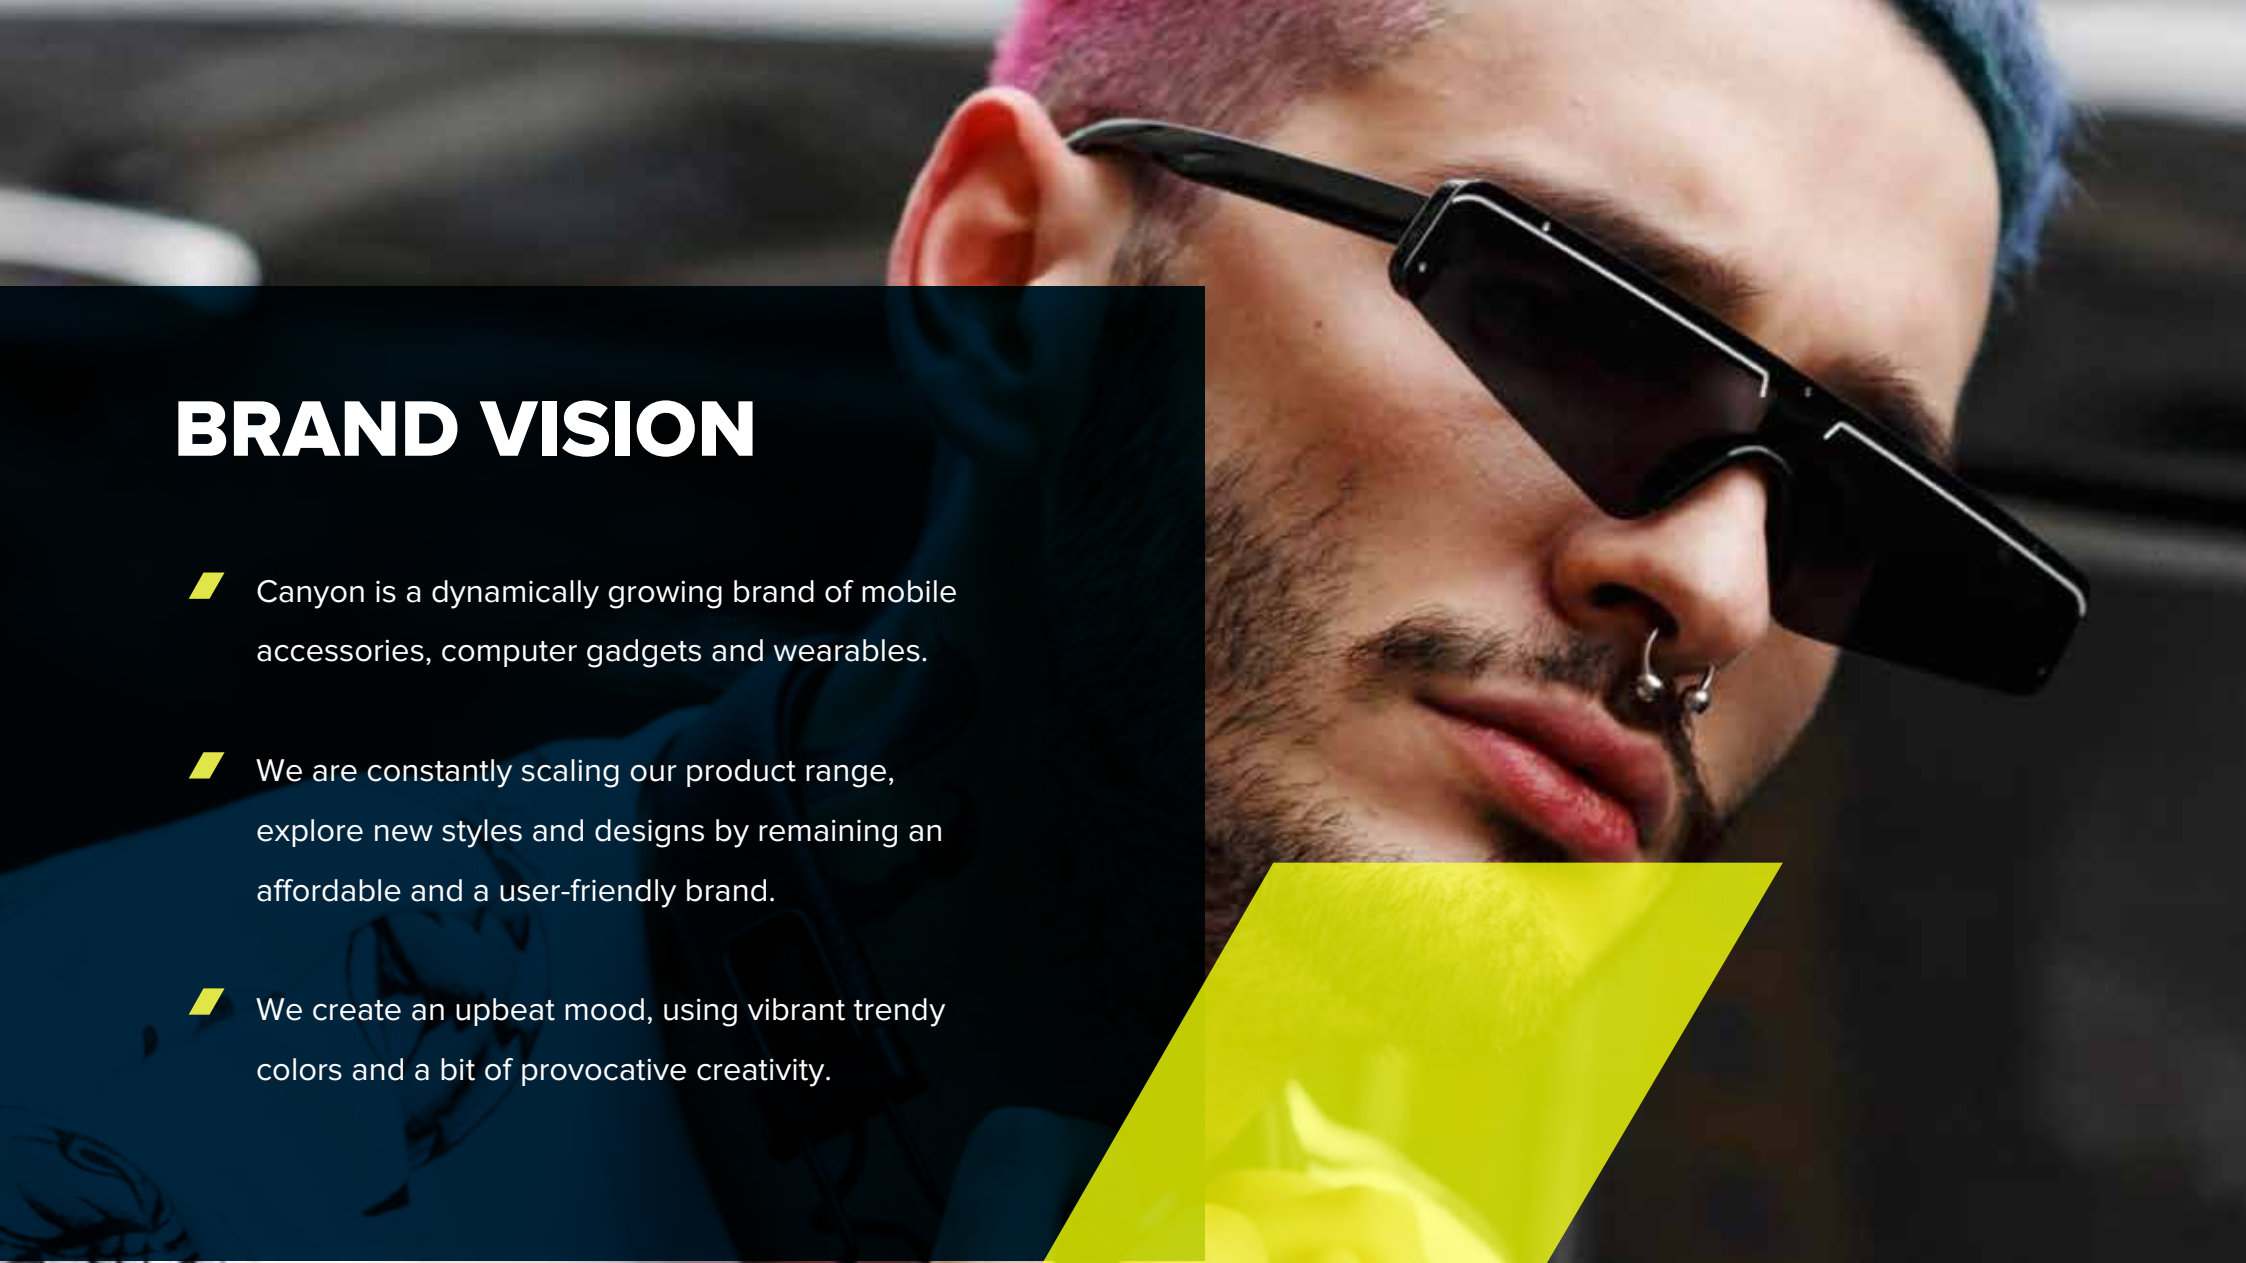

care about the environment and live an eco-friendly life!

Brand Positioning

BRAND VISION

- Canyon is a dynamically growing brand of mobile accessories, computer gadgets and wearables.
- We are constantly scaling our product range, explore new styles and designs by remaining an affordable and a user-friendly brand.
- We create an upbeat mood, using vibrant trendy colors and a bit of provocative creativity.

USER PERSONA

- /// Young Generation (15-25 years old)
- /// Truly digital
- /// Has own values, beliefs and ideology
- /// Aims to self-development
- /// Needs to be amazed
- /// Strives for everything new and unique
- /// Loves smart consumption
- /// Hates mindless plastic lifestyle

YOU ARE COOLER THAN BRANDS YOU USE!

YOU make a brand better, not vice versa. You change this world for the better - your creativity, your stories, your eco-position, tolerance, humanity, your desire to help and share, your smart consumption are your contribution to this world.

Enjoy mindful lifestyle, spend your time and energy to help the Earth, people and living beings surrounding you.

Be a leader without fancy brands and imposed standards You are free to be whatever you like, regardless of your body shape, skin color or sexuality.

Be creative, tell your stories, live your own life. Be yourself!

EMOTIONAL

Get social

Don't run for likes, express yourself as you are.

Live Eco lifestyle

Protect the environment, care about the Earth, love nature.

Take it easy

Don't care about imposed body standards, your body and your sex are your own business.

Take care of yourself

Live healthy and happy life, meditate, catch the right moment!

FUNCTIONAL

Always fresh and trendy

Attractive gadgets that create a great mood for every day.

Simple but catchy

Portable, easy-to-use, full of juicy colours and soft-touch textures.

Qualitative

Being an inexpensive brand, Canyon values high quality and follows the most strict harmonized standards by the EU.

Data protection

All Canyon smart gadgets are built to protect user privacy and use encrypted data technology.

NOVELTY!

Meet the newest addition to our wireless mouse lineup – Canyon MW-44. This mouse is triple-mode wireless: it has a classic 2.4 GHz connection and double-channel BT 5.0. With double-channel Bluetooth, you can connect it to two devices at once and switch between them seamlessly. Six buttons will cover all your needs – either business or gaming. The switches here are ready to work for at least 3 million clicks. It looks fresh and neat with a multicolored backlight and seven lighting modes. In terms of tech specs, this Canyon mouse has a Pixart optical sensor with three sensitivity levels up to 1600 DPI. The mouse is powered by a rechargeable 500 mAh battery so that you can forget those pesky AA batteries. Recharge it in just two hours with the 80cm Type C cable we included in the package. There's a blue light for charging indication.

NOVELTY!

This Canyon MW-22 is a compact mouse with many aces up its sleeve.

It is dual-mode wireless: you can connect it via Bluetooth 5.0 or 2.4GHz USB dongle, so pick a connection that suits your needs.

Under the hood, we have an optical sensor of variable DPI setting up to 1600. The battery is rechargeable and has quite a long life due to its capacity of 650mAh and smart energy-saving mode.

There's also an RGB backlight, where you choose between 15 modes or turn it off completely to get even more longevity. When you need to recharge, this mouse offers a Type C charging port – and we have the 80cm cable included in the package. Four buttons are guaranteed to withstand at least 3 million clicks, so don't be shy and click whatever you want.

- Dual mode wireless: 2.4GHz or BT 5.0
- Optical sensor
- Adjustable DPI: 800/1200/1600
- Four buttons
- Buttons lifecycle of 3 million clicks

- Rechargeable battery, 650mAh
- RGB backlight with 15 modes
- Automatic sleep mode
- Type C charging cable, 80cm

NOVELTY!

The MW-04 mouse from Canyon is the universal remedy for all your needs. Thanks to its Bluetooth 5.0 capabilities, it can be effortlessly connected to a wide variety of devices. What else is there to see? A 1200 DPI optical sensor is combined with a smart power saving system. Meaning that just a single AA battery serves as long as it could get. There are 3 minimalistic buttons that can surely withstand 3 million clicks. Canyon MW-04 is lightweight and compact, so put it in your bag and take it on adventure. If you're left-handed, worry not: this mouse is ambidextrous and suitable for both left- and right-handed people. In fact, you can buy two of them and use both of your hands! Think about it and get at least one today.

NOVELTY!

When you're a professional, your accessories are crucial for confidence. Who would want to jeopardize an important meeting? Exactly – no one ever. Meet the conference headset from Canyon that will never let you down. With a slim profile and a weight of just 102 grams, it doesn't take up much space in your bag or backpack. A soft carrying sleeve is included in the package, so you can keep your headset organized neatly. It can be connected with a 3.5mm jack or via a USB sound card that features call control buttons. The sound card has a separate mute button – a great option to avoid in-call mishaps! The cable length is 1.8m long to ensure freedom of movement. This headset is compatible with most voice call services and features noise-reduction technology, so your microphone won't pick up unwanted background noises. Comfort and ergonomics are important when your calls get longer: both the headband and microphone bar are adjustable to follow your head shape. Don't miss this opportunity to step your meeting confidence up!

This 2.4 GHz wireless combo is adorned in a delightful black and violet color scheme that's sure to add a touch of whimsy to your workspace. The keyboard has a full-sized layout with 100 keys, including 15 multimedia keys, for quick access to your favorite functions. With scissor frame switches designed for a quiet typing experience, this keyboard is built to last and has a lifecycle of 10 million keystrokes. Its slim ergonomic design and matte finish provide comfort and durability, while the laser engraving of symbols ensures longevity. Meanwhile, the accompanying mouse features four silent buttons and an adjustable DPI for precise control tailored to your preferences. With a lifecycle of 3 million clicks, this mouse will keep up with your daily tasks effortlessly. The soft-touch coating and lightweight body make it a joy to use. Powered by standard AAA and AA batteries, the Kitty Edition set offers the convenience of wireless connectivity without compromising performance. The included velvet protective sleeve adds an extra layer of sophistication and protection. This charming combo with feline flair is for those who appreciate both style and substance in their peripherals. Enjoy the freedom of wireless technology with the HSET-W6 Kitty Edition – practical and playful!

NOVELTY!

Step into the world of wireless magic with the Canyon keyboard & mouse combo! A clutter-free workspace awaits. The keyboard will be your productivity partner, featuring a full-sized layout with 105 keys, including multimedia shortcuts to turbocharge your workflow. The scissor frame switches deliver a whisper-quiet typing experience, so you can focus on your tasks without annoying clatter. These switches are also robust: 10 million keystrokes until you wear one switch out. With its ergonomic layout, this keyboard makes typing feel like a breeze on a sunny day. What about the mouse? It is a great companion to you and your keyboard, having silent switches and matching design. Its soft-touch rubberized coating is durable and gentle to your palm. It features six buttons, and the DPI is adjustable, too. Powered by standard alkaline batteries, this Canyon set is always ready for action. Check out three unique color combinations where the mouse always matches your keyboard. Cut the cord and enjoy freedom with the Canyon HSET-W5 wireless combo!

Remote communication with colleagues and loved ones is already a daily routine! This webcam will provide maximum quality and ease of communication. A five-layer lens, a 1280x720 HD matrix, and a clear fixed focus enable high-quality image transmission, and the built-in microphone transmits your voice almost intact, like in an offline conversation. The 46-degree view will allow you to remove unnecessary details from the range of view, and 360-degree rotation will help you build an optimal perspective. This effect is almost impossible to achieve using a standard laptop camera. The webcam is compatible with Skype, Zoom, Google Meet, Microsoft Teams and other online messengers. An additional level of privacy is provided by a mechanical shutter that you can close any time.

black

The image features a variety of computer peripherals. A silver multiport hub with the 'CANYON' logo is positioned diagonally across the upper right. It has multiple ports including USB-A, USB-C, Ethernet, and FireWire. Several black cables are connected to it and scattered around. These include a blue VGA cable, a black HDMI cable, a black USB-A to USB-C cable, and a black USB-A to FireWire cable. In the bottom left, there are two black power cables with different plug types. In the bottom center, a black Kingston 'Furor' micro SD card reader is shown next to a small black micro SD card. The background is a light gray surface with a blue and yellow geometric graphic on the left side.

NOVELTY!

New laptops are, without a doubt, elegant and well-designed. Often, this comes at a price – there are very few ports. If you have a lot of peripheral devices, this 7-port USB hub will save your day. It has a Type C input and output, supporting 100W Power Delivery with pass-through charging. Now that you're powered up and expanded your port capabilities, it's time to connect accessories! Use all three USB 3.0 for peripheral devices, connect big screens with 4K-capable HDMI, and ready your SD cards at a blazing speed of 5Gbps. All this fits into a small body of zinc alloy and tempered glass – the perfect solution if you hate bulkiness. Offered in Space Grey, this is a slick companion for your Windows or MacOS laptop.

- Bottom side: anti-slip rubber base

MODEL

CNS-CMPW5

dark grey

5291485007485

This mat is great for those who want to optimize the use of table space. You can charge almost any gadget that supports Qi wireless charging standard - just place your smartphone, earbuds or a mouse on the right side of the mat. The wear-resistant surface is covered with a special fabric made of polyurethane fibers and special fiberglass, which provides high-precision control over the cursor movement and convenient maneuvering. It is great for all types of mouse sensors, including made for gaming. The rug will not slip on the table due to the anti-slip rubber base. The mousepad is totally safe, as it has multiple levels of protection from overvoltage, overheating, short circuit and overload.

5291485009724

Ladies and gentlemen, Canyon RT-7! This is a beast of a backpack: it's a rolltop, and it's made to fit 17-inch laptops. In fact, all your stuff will fit – the rolltop design allows you to increase the volume by a staggering 11 liters. But wait, there's more! It is built with waterproof materials and has a ventilated back. We also added a USB-A port in case you need to charge something, and there's a reflective element for extra safety. This backpack is asking you to put it to the test in your next adventure! Comfort above expectations. The rolltop design allows you to increase the volume from 18 to 29 liters. There's a ventilated back panel to keep you cool during long walks and also a USB-A charging port for your devices. Safety for your belongings. The internal sleeve that fits a 17.3" laptop will keep it safe and sound. The material we used for the outer shell is waterproof, with a reflective element to keep you out of danger. Smart organization for your everyday essentials. This backpack has four outside pockets and two internal ones, so you can keep your things sorted. A laptop sleeve and the rolltop design will help you fit some extra load.

The Canyon BPE-5 backpack is designed to carry your 15-inch laptop with comfort & style. Put your computer and your everyday carry in it: everything can fit thanks to five internal pockets and two more outside. Don't worry about the lack of space – the zipper makes the internal volume changeable. If your device's battery dies, there's a USB-A port to charge it. All that is made with water-repellent materials and looks pretty smart! Comfort above expectations. The zipper allows you to change your backpack depth from 12 to 18 centimeters and back. In case you need to charge any of your devices, there's a USB-A port at your disposal. Smart organization for your everyday essentials. We took care of your 15.6" laptop – there's a designated sleeve for it. What's more? Use two outside and five internal pockets to organize your daily necessities.
